### EVENT / ACTIVITY SINGLE PAGE REPORT

| Section                  | Details   |
|--------------------------|---|
| Event Title              | Interactive Data Analytics with Power bi -Learn, Build, Demonstrate   |
| Date & Time              | 11 September 2025 & 10:00AM to 12:30 pm   |
| Venue                    | LIET, Dr. APJ Abdul Kalam Seminar Hall, 2 <sup>nd</sup> Floor.  |
| Organizers               | Department of Computer Science and Engineering  |
| Purpose of the Event     | The event “Interactive Data Analytics with Power BI – Learn, Build, Demonstrate” was organized to provide participants with hands-on exposure to Power BI, enabling them to learn essential concepts, build interactive dashboards, and demonstrate data-driven insights. The purpose was to enhance practical skills in data analytics, promote problem-solving using visualization tools, and encourage participants to apply Power BI in real-world scenarios. |
| Target Audience          | 2 <sup>nd</sup> , 3 <sup>rd</sup> , 4 <sup>th</sup> year students   |
| Keynote Speaker/Guest(s) | Mohammed Abdul Waqeed   |
| Event Summary            | The event “Interactive Data Analytics with Power BI – Learn, Build, Demonstrate” introduced participants to Power BI, covering the basics of data visualization and dashboard creation. Through interactive sessions, attendees gained practical experience in building reports and showcasing insights, enhancing their skills in data analytics and decision-making.  |
| Key Highlights           | The event featured hands-on learning sessions where participants explored the basics of Power BI, built interactive dashboards, and presented their data insights. The practical demonstrations and interactive approach kept the sessions engaging, leading to active participation and positive feedback from attendees.  |
| Number of Participants   | 158   |
| Outcomes/Results         | Participants gained hands-on experience with Power BI, learned to create interactive dashboards, and improved their ability to analyze and present data effectively.  |
| Feedback/Remarks         | Participants found the sessions engaging and informative. They appreciated the hands-on approach, which helped them understand Power BI concepts more effectively. Many expressed interest in attending similar advanced workshops in the future.   |
| Faculty Coordinator      | Syeda madiha banu & Ayesha parveen  |
